difficulties for you, please let us know

What to expect on the course:

- Minibus Awareness Training helps to improve minibus safety by working with organisations to enhance the driving and passenger awareness skills of minibus drivers.
- Caters for all requirements. For example, assisting passengers with disabilities, accessible minibuses, working with adults who require care and supervision, emergency aid, manual handling and safely managing challenging behaviour.

Benefits include:

- Potential reduction in running costs
- Reduced costs vs local authority certification processes
- A good image for organisations
- Transferrable to other organisations (i.e. if a Minibus Awareness trained teacher changes schools)
- Potential reduction in insurance premiums
- Reduced stress on minibus drivers
- Enhanced passenger safety
- Increased driver confidence
- Improved passenger comfort
- Fully accredited
